TABLE OF CONTENTS

EXPLANATORY NOTES.

In this report, throughout, the term "Imports" means "Imports for Consumption."

The term "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value given for goods imported is the fair market value thereof when sold for home consumption in the principal markets of the country whence and at the time when the same were exported directly to Canada.

The term "Canadian Produce" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

The term "Foreign Produce" applies to the exports of foreign goods which had been previously imported.

The value of "Canadian Produce" is its value at the time of exportation at the ports of Canada whence shipped.

The value of "Foreign Produce" is the actual cost of such goods.

In this report, the tables of imports and exports at the several ports of entry indicate that merchandise of the value stated was *entered inwards* or *passed outwards* at the ports mentioned, but do not imply that the imports were *all* for consumption at such ports or that the exports originated there.

The initials N.E.S. mean "not elsewhere specified."

The initials N.O.P. mean "not otherwise provided for."

The expression "Ton" means two thousand pounds, and "Cwt." one hundred pounds.
